POWERFUL PROJECT

Name: _____

The Powerful Word of the Month is “leadership.” Leadership means: “Knowing the way, going the way and showing the way to others!” The definition is based on a quote by John Maxwell; “A leader is one who knows the way, goes the way, and shows the way.” Being a good leader is a choice. It’s not about being bossy and loud but rather, setting good examples, making good choices and being a good listener. Great leaders help set team goals and encourage others to cooperate and work together. They also don’t try to do everything themselves but instead see each person for their talents. A great leader is someone people CHOOSE to follow! Are you a great leader? **Below, think of your top 5 words that come to mind when you think of what kind of leader YOU want to be.
